In connection with the festival a special art union will be drawn in April next, and one of the chief prizes is a Lady's altar, the gift of Mr. J. Curtain, of Spring-street, and valued at £50. This altar is exhibited in the hall, and is really very rich and beautiful in every respect. On each side of the tabernacle there is a panel, and these have been painted in oils by Signor Rizzi, from designs which that artist recently brought from Rome. On that to the left is St. Michael, the Archangel, and on the right St. Gabriel. Above the tabernacle there are cloud effects, soft, fleecy, and light. This altar is unquestionably a work of art, and well worthy of inspection.
